

How to Schedule Your Wellness Program Online

The staff at Mangiarelli Rehabilitation look forward to welcoming you back to the wellness program! In order to protect you and ensure your safety going forward, we are limiting the number of wellness participants in the clinic at a time.

To coordinate wellness participation, we are utilizing online scheduling via the scheduling software Setmore. You can access the scheduling software online at <https://mangiarellirehabilitation.setmore.com/> or by going to www.mangiarellirehabilitation.com and clicking the Wellness Program Scheduling button on the homepage to access the online scheduling program.

The number of spots available per hour for wellness members will vary and be subject to change every two weeks based on the Mangiarelli Rehabilitation patient load. This is to ensure that we have a safe number of people in the clinic at a time for social distancing as well as availability of equipment for both patients and wellness members.

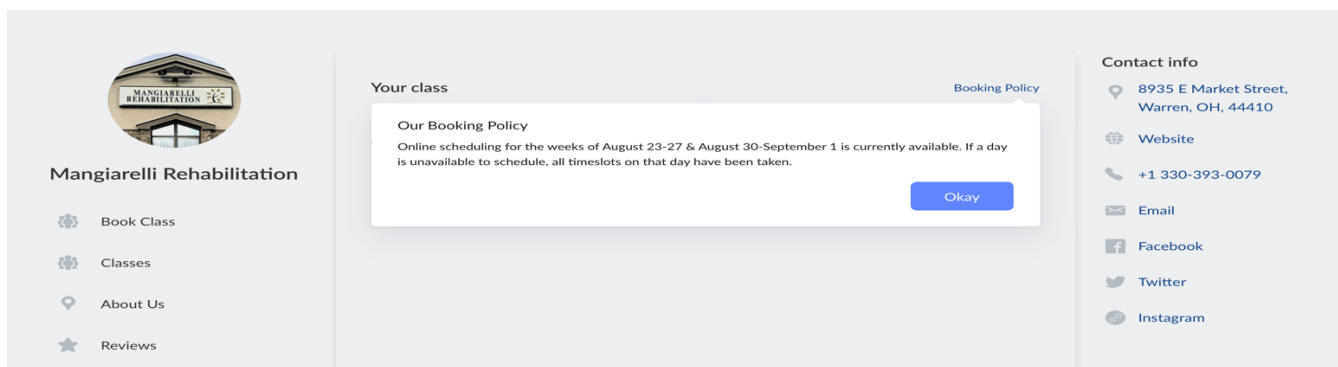

We ask that all wellness program participants wipe down and clean equipment after use with the sanitizing products we provide.

Below we outline the step-by-step process to schedule your wellness time at Mangiarelli Rehabilitation:

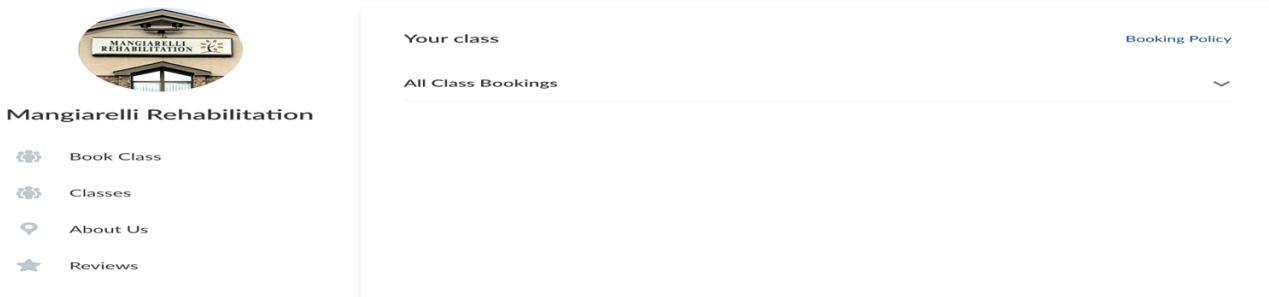

1. Go to www.mangiarellirehabilitation.com and scroll down to click on the Wellness Scheduling Button or go to <https://mangiarellirehabilitation.setmore.com/> to begin scheduling.

You will arrive at the scheduling page below.

Click Okay under Our Booking Policy. Under your class, click the arrow to the right of All Class bookings to access the Land and Pool Wellness Class Appointments. You can book one wellness appointment at a time. Once you have completed booking one wellness appointment, you can then continue to book appointments for the dates available.

- We offer two “wellness classes”: land wellness using the gym equipment and pool wellness using the clinic heated pool. Click on the Program you wish to schedule.
